Organization Narrative

From its founding in 1996, MBHB is now a firm of 74 attorneys and 9 technical advisors and patent agents while earning a reputation as a premier IP boutique. At MBHB, we are experts in our fields, including biotechnology & pharmaceuticals, cannabis, chemical, electrical, mechanical & materials, medical devices & diagnostics, software & business methods, and telecommunications.

MBHB maintains a strong work ethic and low attrition rate in part because of its open-door policy, where attorneys help each other become better lawyers by getting involved. We are collegial, with a "work hard, and have fun" mindset.

MBHB supports professional and personal growth by encouraging involvement in all areas of practice -- litigation, prosecution, and counseling -- from the beginning. Our free-market assignment system allows associates to steer their careers on a path of their choosing. MBHB associates benefit from both formal training sessions with partners or outside consultants, and informal training among fellow attorneys, as well as professional growth through mentor relationships. The firm strongly believes in developing its attorneys professionally, providing each with a personal professional development account as well as paying for all in-town CLEs. Our attorneys have access to a business development and career planning consultant through the firm's Marketing Department, with individual coaching sessions available to all attorneys.

MBHB recruits its entry-level attorneys primarily from the Summer Program. Summer Associates are provided a realistic sense of attorney life at MBHB through interesting, real-time client work, in the same free-market system as the firm's associates. We stress mentoring in the Summer Program by assigning two mentors for each Summer Associate -- one from the partner rank and one from our associates. Summer Associates are exposed to our practice not only through attorney-taught training sessions, but also by observing in court, joining client meetings, and participating in client calls.
